— Business English —

Business English will teach you the skills you need to join the global business community. This course is ideal for those who want to work in business. In this course you will:

- Learn English from qualified and experienced Business English teachers
- Gain greater confidence in your interpersonal communication skills
- Learn new vocabulary specific to business
- Participate in communicative business activities such as team projects, meetings, interviews and presentations
- Learn how to read business documents and write using formal English

The course incorporates some practice for both the Cambridge Business English Certificate (BEC) and the Test Of English for International Communication (TOEIC).

Entry requirement:
Upper Intermediate
